ClassicPots

This pot is characterised by a simple, but classy design and versatility; a flowerpot doubling as a light! Deep enough to hold large plants and flower groupings, the lightweight and weather-resistant pot can also be used indoors as portable accent lighting in lobbies and restaurants. When lit, only the colour of the pot and light are visible, not potting material. Its cleverly designed dimensions make our pots suitable not only for flowers and plants indoors as well as outdoors, but also for use at garden parties, for example, when filled with ice to chill champagne and other beverages.

40cm	Lit £84.25
60cm Un-Lit £72.34	Lit £165.95
90cm Un-Lit £195.75	Lit £336.17
100cm	Lit £382.97

TallPlanter

This is also a double-walled flowerpot, designed for indoor, as well as outdoor use. As with the classic style pot, it has the drain, which is the outlet for any excess water. As it is taller and less wide in diameter than the pot, it is more economical with space, but just as impressive as its giant predecessor, the Classic Pot 100. The smooth design of this planter will blend with every interior and exterior, whether classical, modern or retro.

70cm	Lit £165.95
90cm	Lit £234.04
107cm	Lit £251.06

TheBulbPot

This rounder design is characterised by simple lines reminiscent of pots found in Greece and the Mediterranean. Only available in one size and suitable for both indoor and outdoor locations

Deep enough to hold large plants and flower groupings, the lightweight and weather-resistant pot can also be used indoors as portable accent lighting in lobbies and restaurants. When lit, only the colour of the pot and light are visible, not planting material.

The Bulb Pot	Lit £165.95
